## Contents

WallShelf™  
P/N: HSW56  
HSW40

## Installation Instructions

- Fasten onto wall using (10) mounting holes (shown as red in illustration below). Some mounting holes are spaced on 16" centers to suit wall stud locations. In order to gain the highest load capacity, it is imperative to use at least 6 of the 8 mounting points on the Back-Splash feature ● and all 4 mounting points on the Integral Bracket features ○ underneath the unit.

Locate mounting holes onto structural wall components (ie wall studs) wherever possible.
